REFERRAL**

**CST
REFERRAL**

A Speech Language
Pathologist only

A multidisciplinary team of
professionals consisting of a
School Psychologist, a Learning
Consultant, a Social worker, and
a Speech Language Pathologist

Focuses exclusively on
speech concerns

Focuses on a wider range of
educational, social/emotional,
and developmental concerns.

Articulation (speech sounds)
Fluency (flow of speech)
Voice (vocal quality)

Learning disabilities
Behavioral issues
Developmental delays
Neurogenic/Neurological disorders
Language/Communication disorders

Assessments
conducted by a
Speech Language
Pathologist only

A collaborative, multi-
disciplinary approach to
evaluate the student's
overall educational needs.

Ideal for students who only
exhibit difficulties in speech and
do not require additional support
to access their general education
curriculum.

Ideal for students whose
challenges are multifaceted
and/or impact their broader
educational experience.
